FEDERAL AVIATION ADMINISTRATION

8710.6G

10/23/96

SUBJ: PILOT EXAMINER STANDARDIZATION SEMINAR SCHEDULE FOR 1997, 1998, AND 1999

1. PURPOSE. This order publishes the schedule of standardization training seminars for the recurrent and initial Pilot Examiner Standardization Seminars for 1997, 1998, and 1999.

2. DISTRIBUTION. This order is distributed to the branch level in the Flight Standards Service; the branch level in the regional Flight Standards Divisions; all International Field Offices (IFO's); and all Flight Standards District Offices (FSDO's).

3. CANCELLATION. Order 8710.6F, Pilot Examiner Standardization Seminar Schedule for 1994, 1995, and 1996 dated 10/11/94, is canceled.

4. SEMINAR SCHEDULING.

a. The latest revision of FAA Order 8710.3, Pilot Examiner's Handbook, for attendance.

b. Effective January 1, 1997, the Recurrent Pilot Examiner Standardization Seminar is scheduled to be 2 days in duration.

c. See appendix 1 for seminar schedules.

d. FSDO's and IFO's within the geographical location of a scheduled seminar site will be contacted 120 days in advance of a scheduled seminar by a Flight Standards Service representative to initiate the planning and coordination.

e. Each FAA district office will be requested to determine the number of persons who should attend the standardization seminars so that suitable space and facilities can be arranged. Flight instructors may attend, and will be charged the same fee as the pilot examiners.

5. PROCEDURES.

a. Examiner attendance at a Pilot Examiner Standardization Seminar is arranged by contacting the Designee Seminar Payback System. The telephone number is (405) 954-0138, and the FAX number is (405) 954-0189.

b. Aviation Safety Inspectors (Operations) who administer pilot practical tests or who supervise pilot examiners should attend standardization seminars on the same basis as their designated examiners.

6. INITIAL SEMINAR.

a. Seminar Description. Emphasis on practical tests, practical test standards, and the disposition and evaluation of certification files will be covered in the 40-hour (5-day) lecture and workshop seminar. Seminar hours are from 8 a.m. to 5 p.m. Monday through Thursday, and 8 a.m. to 2 p.m. on Friday.

Distribution: A-W(FS)-3; A-X(FS)-3; A-FFS-5,7(MAX)

Initiated By: AFS-640

b. Examiner Scheduling.

(1) Pilot examiner applicants must first be qualified by the National Examiner Board (NEB), before attending the initial seminar. Approximately five initial seminars are conducted per year. Additional seminars may be scheduled if the demand so dictates.

(2) A registration fee of \$300 must be paid prior to attending the seminar. Arrangements for registration and payment of this fee may be made by mail, telephone, or FAX. (See paragraph 7(b)(2) for the address, telephone number, and FAX number.)

(3) Prospective examiners must meet the requirements of FAA Order 8710.3 (latest revision), including the completion of the pilot examiner predesignation test.

7. RECURRENT SEMINAR.

a. Seminar Description. Recurrent training will provide continued emphasis on the practical test standards, METAR, ACRA, ethics, evaluation and a review of the current policy and regulations as they apply to airman certification procedures. A schedule of recurrent Pilot Examiner Standardization Seminars is shown in appendix 1. The seminar will consist of two (8-hour) sessions. The seminar hours are from 9 a.m. to 6 p.m.

b. Examiner Scheduling.

(1) Recurrent seminars are usually conducted at cities in which FAA district offices are located. Because of low examiner population in some individual districts, several seminars will be combined. In some cases, an intermediate location may be used to reduce travel.

(2) A registration fee of \$120 must be paid prior to attending the seminar. **THERE WILL BE NO ARRANGEMENTS FOR PAYING AT THE DOOR.** Arrangements for registration and payment of this fee may be made by mail, telephone, or FAX. The address is: FAA; ATTN: **Designee Seminar Payback System, AFS-640**; P.O. Box 25082; Oklahoma City, OK 73125. The telephone number is: (405) 954-0138. The FAX number is: (405) 954-0189. The fee may be paid by VISA, MasterCard, check, or money order. (If you choose to pay by check or money order, make the check or money order payable to: **Designee Seminar Payback System.**)

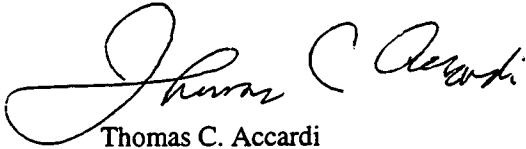

(3) AFS-640 will provide the instructor team, materials, and arrange and pay for the meeting room and equipment. District offices will be contacted by AFS-640 personnel approximately 120 days in advance of the scheduled date to initiate planning for the seminar.

(4) Designated examiners should have previously completed the initial seminar to be eligible to attend the recurrent seminar.

8. INFORMATION CURRENCY.

a. Any deficiencies found, clarifications needed, or improvements to be suggested regarding the content of this order should be forwarded for consideration to: FAA; ATTN: **Maintenance Support Branch, AFS-640**; P.O. Box 25082; Oklahoma City, OK 73125. Your assistance is welcome. FAA Form 1320-19, Directive Feedback Information, is attached to this order for your convenience. If an interpretation is urgently needed, you may call AFS-640 (the originating office) for guidance. The telephone number of AFS-640 is (405) 954-4753. In addition, use the attached FAA Form 1320-19 as a followup to verbal conversation.

b. Use the "Other Comments" block of FAA Form 1320-19, to provide a complete explanation of why the suggested change is necessary. You may correct (as necessary) a copy of the pertinent information or provide a handwritten note for consideration.

A handwritten signature in cursive script, appearing to read "Thomas C. Accardi".

Thomas C. Accardi
Director, Flight Standards Service
